Telephone: 55-032-3379.3581 – Fax – 55-032-3379.3511

LSM BRASIL S.A a company from AMG Group (www.amg-nv.com) is committed in achieving the highest standards of safety and environmental conduct and producing materials that help its customers to minimize negative environmental impact.

We formally support the United Nations Global Compact including its labor, environmental, anti-corruption and human rights aspects. We will continuously support our human rights standards by living our values in our interactions with local and national governments, and the communities in which we operate and wherever possible endeavour to extend our values and principles to our suppliers and contractors.

LSM Brasil is aware of activities involving exploitation of natural resources that contribute to human rights violations in Central Africa specifically raw materials containing tantalum sourced in some parts the Democratic Republic of Congo and adjoining countries. Therefore **LSM Brasil S.A.** has established the following policy and procedure related to raw materials procurement:

1. **LSM Brasil** does not and will not knowingly purchase, any raw materials containing Tantalum or Niobium which actually, or possibly, originates from conflict areas in Central Africa. **LSM Brasil** will perform adequate due diligence of its suppliers to uphold this policy.
2. **LSM Brasil** requires certificate of origin from mines and countries for each shipment of minerals to be supplied into our facility in Brazil and all necessary documents to meet the Electronic Industry Citizenship Coalition (EICC) and the Tantalum-Niobium International Study Center (TIC) requirements.
3. All shipments of tantalum containing material to **LSM Brasil** that typically are classified as class 7 are subject to appropriate safety, transport and environmental legislation.
